

Additional 2025-2026 Panther Season Information

Waitlist

In the event we reach our max capacity at any age level, we will start a waitlist until we secure enough players and a coach to field another team. Waitlist players are not guaranteed a spot. Returning players are not guaranteed a spot and do not have spots held for them. Please register early.

Goalies

A full time goalie is defined as one who plays **ONLY** in net. If your player wishes to skate out as well, you are expected to register as a skater. It should be understood that up to 2 full time goalies can be placed on a team.

USA Hockey Insurance

All players are required to have updated 2025-2026 USA Hockey Insurance in order to register for the 2025-2026 Panther Season. Please go to membership.usahockey.com and have your confirmation number ready when registering for Panthers.

Refunds

\$225 will be charged to anyone who cancels their registration after August 25. The only exception is for medical injuries. Physicians note required.

Looking for More Competition...

Please note that we have been actively pursuing a chance to enter one Squirt and one Pee Wee team into the Central States Prospects League for the 2025-2026 season for several months. We have not received a definitive answer and cannot hold off on hockey registration any longer. Should we be given permission to enter a team at any level prior to September, we would offer special tryouts for interested players and release further information at that point.

NWHL has also proposed a Friday Night League to give House Select teams a chance to play extra games but has also not provided enough information for anything to be offered or advertised at this time.

In the event neither of these possibilities come to fruition, we will offer a Tournament Team program which would involve special tryouts and additional fees & practices (tournament fees not included).

A Tournament Team program would be geared toward the Gold Mite, Squirt & Pee Wee levels. All registered 2025-2026 Panther Gold Mites through Pee Wees would be eligible to tryout.

We will continue to offer our Step Up Your Game Studio Arena clinics all season long.
